Keywords

The Text

The paper must be divided into sections starting preferably with 'Introduction' and ending with 'Conclusions'.

The main sections should be numbered 1, 2 etc, the sub-sections 1.1, 1.2, etc, and further sub-sections (if necessary) 1.1a, 1.1b, etc.

The text should be **in single column format, 10 point Times New Roman, 1.5 spacing.**

Tables

All tables must be numbered consecutively in Arabic numerals (1, 2, 3) in the order of occurrence in the text; they should be self-contained and have a descriptive title.

Figures

All figures, including photographs should be numbered consecutively in Arabic numerals in the order of occurrence in the text. Name your figure with "Fig" and the figure number, e.g., Fig 1.

References

References are numbered consecutively in the order in which they are first mentioned in the text. Identify references in text, tables, and legends by square bracketed numbers [1], and provide a list of references at the end of the article in numerical order using square brackets for the numbers. Reuse the original number assigned to the reference each time the reference is cited in the text, regardless of its previous position in the text. Insert the citation numbers at the relevant place in the text. As a general rule, reference numbers should be placed inside full stops, commas, colons and semicolons.

When citing multiple references, use commas (without spaces) to separate them. Use an end-dash to join inclusive first and last numbers, e.g. [2,3,4,5,7,10] would be abbreviated to [2–5,7,10].
